Integrated Skills in English (ISE)

Trinity's Integrated Skills in English (ISE) is a contemporary four skills qualification intended for young people and adults - typically at school, college or university level. It is also suitable for teachers and other adults who require a respected English language qualification.

ISE assesses students' ability to interact in English in an authentic and meaningful way through the use of integrated reading and writing tasks and integrated speaking and listening tasks. Preparing for ISE builds real-life English skills and transferable skills required for academic study and employability.
