## Introduction to inlingua Cheltenham

inlingua Cheltenham is a British Council recognised language school and member of the worldwide inlingua network of school ([www.inlingua.com](http://www.inlingua.com)). inlingua Cheltenham is located in the beautiful Georgian town of Cheltenham ([www.visitcheltenham.com](http://www.visitcheltenham.com)). The town is famous for its Regency architecture and is said to be the most complete regency town in England. Many of the buildings are listed. The town offers excellent shopping facilities, restaurants, theatres, cinema and parks. It is an excellent location in which to study English as the majority of the inhabitants have English as their mother tongue language. Equally Cheltenham is an ideal base to explore the beautiful English countryside (particularly The Cotswolds) and for visiting major UK cities; the famous University City of Oxford is just one hour by car and London is just two hours away.

The school itself is situated in the centre of the town and occupies three large Georgian style buildings. The school has 28 classrooms which take up to a maximum of 10 people per class, average 8 or 9 per class. The school also offers full internet and wireless facilities plus full teaching aids to ensure the students' stay is fully rewarding academically and they achieve what they require in the short period of time they are with us. We also offer an exciting social programme all year round which includes a full day excursion every Saturday plus half day excursion in the week and many other activities. Our host families are either within walking distance or a short bus journey from the school.
