English for Gardens and Tours

English for the Over 40s at inlingua Cheltenham

inlingua Cheltenham offer set dates throughout the year for students who would like to meet like-minded people and enjoy a more mature programme of lessons and excursions.

Lessons are held in small groups of 2-6 students of a similar language level and afternoons are spent in this small group with an inlingua Cheltenham teacher exploring the local area to enjoy the culture, architecture and glorious gardens that the lovely Cotswolds region has to offer.

This is a truly special programme for the mature and discerning student.

This is an all-inclusive package of accommodation, lessons and excursions to local places of interest. Morning lessons are held from 09.00 - 12.15 from Monday to Friday. Afternoon excursions will be tailored to the preference of the group and can consist of places of interest, towns and cities of the local area, gardens, stately homes and National Trust buildings.

Academic Programme & Accommodation

Lessons in these classes are designed especially for this course. We use the inlingua method of teaching which is to use native-speaking teachers in English speaking only classes. We encourage as diverse a nationality mix as possible to encourage the target language being spoken in class.

The aim of the classes is to help students improve their confidence in using English at their current level and help them to consolidate what they already know during this short course of study.

The morning lessons run from 09.00 - 12.15 with a short break inbetween. Classes will be small with between 2-6 students with a similar level of English.

The topic in the classroom will be to cover grammar and sentence structure using the afternoon excursions as examples of putting what the student knows into practice.

Accommodation

We offer a range of accommodation options, from staying with a English family to serviced apartments or in one of the conveniently placed local hotels close to the school.

For the full immersion experience for clients, we would suggest staying with an English family for the social side of getting to know English life, but we are happy to make other accommodation suggestions to suit your budget and preferences.

See What the UK Has to Offer

Cheltenham is so well located to visit many of the towns and cities of the UK in not much time at all. We are only an hour away from destinations like Bath, Bristol, Stratford upon Avon and Oxford. Even London is only 2.5 hours away by car, so while it is great to see Cheltenham and the immediate surrounding areas like the Cotswolds, we also want to show you as much as possible of our beautiful country and what it has to offer with our afternoon activities and Saturday excursion.

If there is somewhere that you would like to visit during your time in the UK, please do not hesitate to ask whether it can be included in the afternoon excursions as we may be able to do this for you. If not, we will give you travel advice on how to get there in your free time.

Why not extend your stay to spend more time exploring the UK? Please contact us for more information on accommodation options or extending your course.
